Claims 21-33 and 35-42 are presented for examination.

The amendments and remarks filed on August 27, 2004 have been received and entered.

Claims 21-33 and 35-42 are rejected under 35 U.S.C. 102 (b) as being anticipated by European patent Application 0692252 for the reasons set forth on page 2 of the office action of May 17, 2004.

Claims 21-33 and 35-42 are rejected under 35 U.S.C. 112 first paragraph for the reasons set forth on pages 2-5 of the office action of May 17, 2004.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant's claims are drawn to the use of insulin and an antimetabolite in combination or separately for the treatment of cancer in general. Applicant alleges criticality to the synergistic effect of the claimed combination. The allegation is not well taken. The presented data in the specification use the combination of only one antimetabolite and insulin. Such data are not commensurate in scope with the claimed language. Furthermore, some of the claims are directed to the separate use of insulin and a metabolite. Applicant's arguments regarding the 112 first paragraph are not also well taken. The state of the art does not recognize that the treatment of all kinds of cancer is accomplished with one pharmaceutical composition. Thus, for the reasons above and for the reasons discussed previously the prior rejection sustains.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
